

We Three Grants

We three grants, to orient you are
Bearing cuts, that leave a scar
Clients we're counting, needs are mounting
Funding's below the bar

*O, staff of wonder, staff of might
Staff so loyal to their site
Always leading, still proceeding
Guide us when thy budget's tight*

Frank insights to offer have I
Make a plan, the time is nigh
Sustainability, more tranquility
Now is the time to try

[refrain]

Funding is down, no doubt about that
Look to in-kind when the economy's flat
Diverse sources, back on courses
Donations are where it's at

[refrain]

Partnerships, a common tune
But they really come with a boon
Share the burden, when you're hurtin'
No one will disappear soon

[refrain]
